## INDEPENDENT AUDITOR'S REPORT

The Board of Directors  
Philanthropy West Virginia  
Morgantown, West Virginia

### Report on the Financial Statement

We have audited the accompanying financial statement of Philanthropy West Virginia, which comprise the statement of financial position as of December 31, 2015, and the related statement of activities, functional expenses, and cash flow for the year then ended and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the financial statement referred to above present fairly, in all material respects, the financial position of Philanthropy West Virginia as of December 31, 2015, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

 Cash and cash equivalents	
Beginning	<u>504,210</u>
Ending	<u>\$ 460,015</u>

The Notes to Financial Statement are an integral part of this statement.

**NOTE 1. DESCRIPTION OF ORGANIZATION**

Philanthropy West Virginia (Organization) was incorporated in 1993 as a nonprofit organization under Internal Revenue Code Section 501(c)(3) and was originally known as West Virginia Grantmakers' Association, Inc. The purposes of the Association are the cultural, charitable and educational ones of promoting and disseminating research into and study of the problems of charitable organizations, foundations and charitable trusts; of promoting the growth and effective operation of charitable organizations, foundations and charitable trusts; of stimulating planning for efficient operation, financial management and grantmaking by private foundations, other charities, and other charitable grantmaking organizations; and of providing for the dissemination of knowledge and exchange of information, ideas and procedures among charitable organizations, foundations, charitable trusts and charitable grantmaking organizations, all to the end of benefiting and promoting charity.

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Cash

Philanthropy West Virginia maintains cash in demand deposit accounts with federally insured banks. The balances in these accounts occasionally exceed federally insured limits. In management's opinion, the amounts in excess of FDIC limits do not pose significant risk to the Organization. Cash and cash equivalents include all short-term deposits with an initial maturity of 90 days or less.

Accounts Receivable

Trade receivables are carried at cost less an allowance for doubtful accounts, if an allowance is deemed necessary. The Company does not accrue finance or interest charges. On a periodic basis, the Company evaluates its trade receivables and determines the necessity of an allowance for losses, based on history of collections and current conditions. A trade receivable is written off when it is determined that all collection efforts have been exhausted.

## NOTES TO FINANCIAL STATEMENT (CONTINUED)

---

### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Basis of Financial Reporting

The accompanying financial statements have been prepared on the accrual basis of accounting whereby revenues are recognized when earned and expenses are recognized when incurred.

#### Net Asset Classification

Net assets and changes therein are classified and reported as follows:

Unrestricted net assets – net assets that are not subject to donor/grantor-imposed stipulations.

Temporarily restricted net assets – net assets subject to donor/grantor-imposed stipulations that will be met either by actions of the Organization and/or the passage of time.

Permanently restricted net assets – net assets subject to donor/grantor-imposed stipulations that the assets are to be maintained permanently by the Organization.

#### Temporarily Restricted Net Assets and Donor-Restricted Contributions

Temporarily restricted net assets are those whose use has been limited by donors to a specific time period or purpose. Grant revenues, which are expended under terms of the grant agreement in the year of receipt, are reported as unrestricted income and other support in the statement of activities.

Use of unexpended grant funds is limited under the terms of the grant agreements; unexpended funds on hand are reported as temporarily restricted net assets. Grant funds released from restrictions in subsequent years are reported in unrestricted revenue in the statement of activities and changes in net assets. Contributions of cash and other assets are presented as temporarily restricted if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution, grant or award is received, Philanthropy West Virginia reports the support as unrestricted. As of December 31, 2015, temporarily restricted net assets were \$103,500.

## NOTES TO FINANCIAL STATEMENT (CONTINUED)

---

### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Permanently Restricted Net Assets

Permanently restricted net assets represent funds held and only the income from the investments will be provided to Philanthropy West Virginia for its use in the future. The permanently restricted net assets are reported as restricted assets in the statement of financial position. As of December 31, 2015, there were no permanently restricted monies.

#### Economic Dependency

Philanthropy West Virginia generates a substantial portion of its revenue from the Claude Worthington Benedum Foundation and various other grants. Changes in the amounts of grant funding could, therefore, significantly influence Philanthropy West Virginia's ability to provide services. Without this funding, Philanthropy West Virginia could not achieve its objectives.

#### Income Taxes

The Organization has been recognized by the Internal Revenue Service as a not-for-profit corporation as described in Sec. 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to section 501(a) of that code.

#### Fair Value of Financial Instruments

The fair value of cash and cash equivalents approximates their carrying values due to the short-term maturities of these financial instruments.

#### Advertising

Advertising costs are expensed as incurred; such costs aggregated \$35,876 during 2015.

### NOTE 3. UNCERTAIN TAX POSITIONS

Accounting Standards prescribe a recognition threshold and measurement attribute for a tax position taken or expected to be taken in a tax return where there is uncertainty about whether a tax position will ultimately be sustained upon examination. The Company does not believe its financial statements include any uncertain tax positions. The Company's federal return of Organizations Exempt from Income Taxes for tax years ending December 31, 2012, 2013 and 2014 (filed) and December 31, 2015 (unfiled) remain subject to examination by the Internal Revenue Service.

## NOTES TO FINANCIAL STATEMENT (CONTINUED)

---

### **NOTE 4. RISK MANAGEMENT**

The Organization is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors and omissions, and natural disasters. The Organization manages these risks of loss through the purchase of various insurance policies.

### **NOTE 5. OPERATING LEASE**

The Organization had an operating lease in which \$3,000 of rent expense was incurred in 2015. The lease ended in March of 2016.

### **NOTE 6. SUBSEQUENT EVENTS**

The Organization's management has evaluated events subsequent from December 31, 2015 through June 30, 2016, which is the issuance date of this report. There has been no material event noted during this period that would either impact the results reflected in this report or the Organization's results going forward.

### **NOTE 7. CHANGE IN METHOD OF ACCOUNTING**

In prior years, the Organization prepared its financial statements on the cash basis of accounting. This method was not in accordance with generally accepted accounting principles.

During the year ended December 31, 2015, the Organization changed its method of accounting from the cash basis to the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Unrestricted net assets as of December 31, 2014, has been restated by a credit of \$4,474 to reflect this change in accounting method. This restatement had the effect of increasing the previously reported 2014 change in net of assets \$110,715 by \$4,474.
